

Watch the **Theme Video** for today online, links are available on our website, www.oslcddale.org/vbs

Bible Story

- Read Genesis 1:1-5, 14-19
- Look at *The Story of Creation* or *The Work of His Hands for Kids*
- Discuss:
 - What does it mean to create?
 - God created the whole universe from nothing, using only His words, how big is His power?
 - How would you God's ability to create with our own ability to create?
 - God created everything. All we can do is change things to make them seem new. As the creator of everything, God is also the owner of everything. Out of His love He lets us receive the blessings of His creation. In return, how should we treat His creation?

Service Project ideas

- Be wise stewards of God's creation. Make a plan to reduce waste in your home by throwing away less food, turning off lights more frequently, reduce your water usage, or recycling more materials.
- Included in your packet is a hiking guide to the Stonefort trail where the theme video for today was recorded. If you can visit Giant City State Park, make sure you bring along a bag to collect any trash you may find along the way.

Craft

- Make a star ornament, using the popsicle sticks in your kit.
- Directions are in the video. You can find the links on our website, www.oslcddale.org/vbs

Snack

- Make a constellation using the pretzels and marshmallows in the bag labelled "Monday snack"
- Directions are in the video. You can find the links on our website, www.oslcddale.org/vbs
- When you're done exploring the constellation, enjoy it!

Hymn

- Sing Hymn 817 Earth And All Stars, a Youtube link with lyrics and music is available on the website.
